1XE27

### Materials & Colors

|  |             |
|--|-------------|
| Product color                              | Beige       |
| Housing color                              | Beige       |
| Body material                              | Paper Steel |
| Glow Wire Test according to IEC 60695-2-12 | 650 °C      |

### Application & Mounting

|  |                  |
|--|------------------|
| Ambient temperature range              | -20...+40 °C     |
| Temperature range at storage           | -20...+80 °C     |
| Type of connection                     | Plug type C (EU) |
| Type of protection                     | IP20             |
| Protection class IK (shock resistance) | IK03             |
| Dimmable                               | No               |

|                    |          |
|--------------------|----------|
| Mounting type      | Standing |
| Adjustable         | No       |
| With light source  | No       |
| Holder designation | E27      |

### Certificates & Standards

|           |    |
|-----------|----|
| Standards | CE |
|-----------|----|

### Additional product data

|                       |                               |
|-----------------------|-------------------------------|
| Product remark        | Maximum bulb wattage: 6 W LED |
| Number of illuminants | 1                             |

### Safety advice

- All electrical connections must be made by a qualified person.
- Caution, risk of electric shock.
- Product in protection class I. All electrically conductive, metallic housing parts that can absorb voltage during operation or during maintenance in the event of a fault must be continuously connected to the protective earthing conductor.
- Check wall-ceiling for suitability. If uncertain, seek professional advice.
