

PRODUCT DATASHEET

SMART+ ZB OUTDOOR PLUG UK

SMART+ Outdoor Plug | Outdoor plug with smart socket to control non smart devices with Zigbee technology

Areas of application

- Wherever non-smart devices need to be integrated into compatible smart home systems
- Gardens, balconies and other outdoor areas

Product benefits

- Integrates conventional electric equipment into compatible smart home systems
- Enables switching of conventional light sources and other electric devices
- Simple connection of electric devices via standard socket
- The socket cover can be closed for the protection against splash water

Product features

- Control via compatible smart home system, SMART+ Switch, SMART+ Switch Mini or on/off button on the device
- Control via voice control available: Google Assistant or Amazon Alexa, depending on the smart home system in use
- 1.5 m power cable for flexible installation
- Functionality depends on used type of control
- High switching power: up to 3,680 W / 16 A
- Network protocol: ZigBee

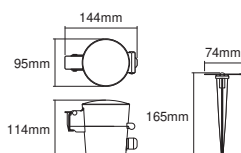

- Type of protection: IP44

TECHNICAL DATA

Electrical data

Nominal voltage	220...240 V
-----------------	-------------

Dimensions & Weight

Product weight	710.00 g
Length	144 mm
Width	98,0 mm
Height	120,0 mm

Lifespan

Number of switching cycles	25000
----------------------------	-------

Colors & materials

Product color	White
---------------	-------

Temperatures & operating conditions

Ambient temperature range	-20...+40 °C
---------------------------	--------------

Additional product data

Product remark	High switching power: up to 2,990 W / 13 A / Reset settings to default by switching the product on for five seconds and off for five seconds and repeating this five times. / Alternatively, press the reset button once for ten seconds.
----------------	---

Capabilities

Compatible smart home technology	ZigBee
----------------------------------	--------

Certificates & Standards

Standards	CE
Protection class	I

Type of protection

IP44

EQUIPMENT / ACCESSORIES

- Control via app requires a compatible Smart home system
- Ground spike included for easy fixation in garden soil

Safety advice

- Disconnect devices which generate heat from the mains, i.e. from the SMART+ Outdoor Plug, after use in order to avoid them being accidentally switched on.
- Very high capacitive and inductive loads may in some cases lead to destruction of the device or reduction in the number of switching cycles.
- Do not use the SMART+ Outdoor Plug in conjunction with medical equipment.
- To be connected to an automatic circuit breaker (for UK max. 13 A and for EU max. 16 A)
