### Product benefits

- Bamboo paper delights your home with a warm and natural atmosphere
- Sustainable material
- Different types of luminaires with the same design language maintain a consistent style at home
- Inline-switch for table and floor luminaire
- Sustainable solution thanks to exchangeable light sources
- Easy mounting

### Product features

- Housing material: bamboo paper
- Textile cable

## TECHNICAL DATA

### Electrical data

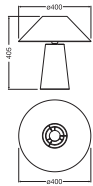

|                  |               |
|------------------|---------------|
| Nominal voltage  | 220...240 V   |
| Mains frequency  | 50...60 Hz    |
| Protection class | II            |
| Operating mode   | Mains voltage |

### Photometrical data

|                                 |       |
|---------------------------------|-------|
| Stroboscope effect metric (SVM) | ≤ 0.4 |
|---------------------------------|-------|

### Dimensions & Weight

|                |           |
|----------------|-----------|
| Diameter       | 400.00 mm |
| Height         | 405.00 mm |
| Product weight | 600.00 g  |
| Cable length   | 1800 mm   |

TABLE 1XE27

### Materials & Colors

|  |                    |
|--|--------------------|
| Product color                              | Brown              |
| Housing color                              | Brown              |
| Body material                              | Bamboo paper Steel |
| Glow Wire Test according to IEC 60695-2-12 | 650 °C             |

### Application & Mounting

|                              |                  |
|------------------------------|------------------|
| Ambient temperature range    | -20...+40 °C     |
| Temperature range at storage | -20...+80 °C     |
| Type of connection           | Plug type C (EU) |

|  |          |
|--|----------|
| Type of protection                     | IP20     |
| Protection class IK (shock resistance) | IK03     |
| Dimmable                               | No       |
| Mounting type                          | Standing |
| Adjustable                             | No       |
| With light source                      | No       |
| Holder designation                     | E27      |

### Certificates & Standards

|           |    |
|-----------|----|
| Standards | CE |
|-----------|----|

### Additional product data

|                       |                               |
|-----------------------|-------------------------------|
| Product remark        | Maximum bulb wattage: 6 W LED |
| Number of illuminants | 1                             |

### Safety advice

- All electrical connections must be made by a qualified person.
- Caution, risk of electric shock.
- Product in protection class I. All electrically conductive, metallic housing parts that can absorb voltage during operation or during maintenance in the event of a fault must be continuously connected to the protective earthing conductor.
- Check wall-ceiling for suitability. If uncertain, seek professional advice.
