DS201 C20 APR100 DS201 C20 APR100 Residual Current Circuit Breaker with Overcurrent Protection

Extended Product Type	DS201 C20 APR100
Product ID	2CSR255480R2204
EAN	8012542658719
Catalog Description	DS201 C20 APR100 Residual Current Circuit Breaker with Overcurrent Protection
Long Description	The DS201 series is a 1P+N RCBO in two-modules width for the protection of end user single-phase circuits against overload and short-circuit currents; protection against the effects of sinusoidal alternating and direct pulsating earth fault currents; protection against indirect contacts and additional protection against direct contacts (with sensitivity = 30 mA). The APR type provides an optimal trade-off between safety and continuity of service, thanks to the resistance to unwanted trippings, offering good protection and isolation of resistive and inductive loads
